Iceache

Team Sleep

You wanna watch me
Watching you
Lay
They parade her like I do
'Til you walk home
While we just sit here and wait
You know it's all wrong
That this was never a game
With you
Record the right dream
Wave out the door
Compare to my dream
And you walk home
And we just sit here and wait
Yeah you know it's all wrong
I don't know just how much more I can take
String us along
Yeah you knew that this was never a game
I should have known you were wrong
All along
I should have known you were wrong
All along
You were wrong
All along
While you watch me watching you
