Suffa

(Hed) P. E.

Yep, don?t bother me
Yep, [Incomprehensible]
I?m indestructible
Yeah, another vendetta, no, I won't stop
I take 'em down and get 'em, one by one
I take 'em down and never, let 'em up
That's when the sort needed sort, so put 'em up
I'm a dog, I?m a player, yeah, know what I mean
I'm a chump, I'm a hustler, I got mouths to feed
I'm a born American, a natural born killer
Yeah, I'm a rude boy, son of a predator
The harder they come, harder they fall, one and all
I wanna see you suffa
Never lay down, never say die, never tap out
I wanna see you suffa
You wanna win some, but you just lost one, I'm a champion
I wanna see you suffa
The harder they come, harder they fall, one and all
It's your past, yeah, let 'em have it
Yeah, the sun is getting higher, you're on your own
I'm movin' back to Zion, I'm going home
And when my job is done I'll find my place in the sun
And never look back 'cause I'm in Babylon
But they keep playing with me like every single day
Yeah, but I got something to put these haters in their place
A born American, a natural born killer
I'm a rude boy, son of a predator
The harder they come, harder they fall, one and all
I wanna see you suffa
Never lay down, never say die, never tap out
I wanna see you suffa
You wanna win some, but you just lost one, I'm a champion
I wanna see you suffa
The harder they come, harder they fall, one and all
It's your past, yeah, let 'em have it
I wanna see you suffa
Indestructible
I wanna see you suffa
Indestructible

The harder they come, harder they fall, one and all
I wanna see you suffa
Never lay down, never say die, never tap out
I wanna see you suffa
You wanna win some, but you just lost one, I'm a champion
I wanna see you suffa
The harder they come, harder they fall, one and all
It's your past, yeah, let 'em have it
Don't bother me, don't bother me
Drop back then let 'em have it
I drop back then let 'em have it
I drop back then let 'em have it
