Now's the Only Time I Know (Live in Lulea)

Fever Ray

Dark brown hair
And eyelash
Reappear
In a flash
Now's the only
Time I knowEarly morning's
Greatest deed
What's forsaken
I do not needThere is water
There is snowSettling down
Door and room
Keep it tidy
Keep it like home
Now's the only
Time I knowCome here sparrow
Watch my hand
Black and blue seeds
That's what my hand can
Now's the only
Time I knowDo my hair
And paint eyelash
Reappear
In a flash
There is more
I'd like to knowNine-fifteen
Then I'm done
Quiet front seat
And drive aroundThrough the water
Through the snow
