

# So Blue

## The Corduroy Road

Dream the day  
Caught in the sway  
Miles gone inside  
Into the air  
I take a breath  
No longer care  
To be the death  
Even time  
We took a light  
Songs leaving alive  
Into the air  
I take a breath  
No longer dare  
To be the death of you  
Of you  
So blue  
So blue  
With you  
And into the air

We take a chance  
Can no longer bare  
To miss the dance  
With you  
With you  
So blue  
So blue  
With you  
With you  
So blue  
So blue  
With you  
With you  
So blue  
So blue  
With you  
With you  
So blue  
So blue
