

Come What May (feat. Deni Gauthier)

Rose Cora Perry

V1: Come what may
Though the stars have fallen
 Come what may
You lost your innocence and
 Come what may
When the skies did part
 Come what may
I knew your affections had turned

Chorus: Though the heavens burst at the sight of my dismay
 Though the world seemed like it ended on that day
Though I cried and I cried and I cried when we parted ways
 Thereâ€™s nothing left to say, butâ€œCome what may

V2: Come what may
The skies are starting to clear now
 Come what may
It still hurts that it all meant nothing
 Come what may
But Iâ€™m beginning to see a new way
 Come what may
With or without you, Iâ€™ll be okay

Bridge: Come what may
(Overlay: Remember you promised me
 A part of me died, A part of me freed
 Remember you promised me
And I wanted you, thought we needed to be
 You tore the petals off of me
Showed the world how weak I could be
 Is this what you call true love misery?
 You tore the petals off of me
I was the angel on top of your tree
 Wonâ€™t let you take the best of me
 I wonâ€™t let you take the best of me)
