

Age Ain't a Factor

Jaheim

Ma-ma-ma-ma

Ma-ma-ma-ma

Ma-ma-ma-ma ma-ma-ma

My baby, my baby, my baby

What a lady, girl! Ooh! You're like the wine, you get better with time

Got your Nia Long on, this your song, you're so fine

From everything that you wear, your kind of beauty is rare

And I swear you get better looking with every year!

Uh, uh hit your sexual peak, your full figure physique

Young girl, can't compete come cook your nigga something to eat baby

And since we in the kitchen, girl let me get that muffin

You look better the older you get! (Benjamin Button) Can't believe with time, girl you're getting better

Looking like a picture of before and after

The story gets more pretty every chapter

Getting more attractive, age ain't a factor!

You're the one that I got, I'm about to leave up

There's berries sitting on the vine, with time I sweet up

If I can be your man, girl you won't work nothing

You look better the older you get! (Benjamin Button) You really need to let me in your world girl

What a prom girl!

No cougar you're still a kitten, hidden

You're working out, girl, shut your mouth, you're looking thicker

You know how to hold your liquor

Nigga show me your I.D., I get the picture

I propose a toast, please raise your glass

With my Vivica Fox's and my Stacy Dash's

Ladies, it's Thanksgiving and I'm about to eat that stuffing

You look better the older you get! (Benjamin Button) I can't believe with time, girl you're getting better

Looking like a picture of before and after

The story gets more pretty every chapter

More and more attractive, age ain't a factor!

You're the one that I got, I'm about to leave up

There's berries sitting on the vine, with time I sweet up

If I can be your man, you never work nothing

You look better the older you get! (Benjamin Button) Effortless make it look so easy

Cajun spice season, sexy for no reason

Appetite pleasing 'nough to sink my teeth in

If I tell them how good your love is they won't believe me! I can't believe with time, girl you're getting better

Looking like a picture of before and after

Your story gets more pretty every chapter
More and more attractive, age ain't a factor!
You're the one that I got, I'm about to leave up
There's berries sitting on the vine, with time I sweet up
If I can be your man, you never work nothing
You look better the older you get! (Benjamin Button) Can't believe with time, girl you're getting better
Looking like a picture of before and after, ooh
Age ain't a factor!
You're one that I got, I'm about to leave up
There's berries sitting on the vine, with time I sweet up
If I can be your man, you never work nothing
You look better the older you get! (Benjamin Button)
