Wash Me In Angels

Tom Faulkner

Stuck on this fence post, I try His army
But I just can't quite figure out where the clouds turn daze
Trapped in a fools snare, I stumble through the days
With endless repetition of my foolish waysWash me in angels, bathe me in light
Awaken a new dawn at the edge of this night
My heart remains steadfast, I'd sing with great might
Wash me in angels, bathe me in lightMy eyes scan the horizon as a storm rolls toward me
I don't recognize a single store shed, but the snowflakes I still see
Who gives us this vision, who covers these planes?
I'd implore Your mercy and may I share the sameWash me in angels, bathe me in light
Awaken a new dawn at the edge of this night
My heart remains steadfast, I'd sing with great might
Wash me in angels, bathe me in lightWhile fear and loathing smother me, joy, it stands afar
The fact is, I still see it there, shining bright as a star
I fix my eyes upon this light, I reach out toward the scene
Then I cry out, "Dear Jesus", when I remember Your nameWill You wash me in angels, bathe me in light?
Awaken a new dawn at the edge of this night
My heart remains steadfast, I'd sing with great might
Wash me in angels, bathe me in light
Wash me in angels, bathe me in light
