Day & Night

Sleepy Storm

On the way with bow and arrow try to find this thing to shoot be on the hunt with bow and arrow its a very
different trip dangerous but necessary yes i know
the ice is too thin to walk on yes i know
the path too narrow to walk on sleepy storm where is your beating heart today hey sleepy storm would i choose
to walk or stay on my way with bow and arrow to be on the safe side until i lost sight of the land far into the
night be on the hunt with bow and arrow with bow and arrow shall i find your hiding place yes i know
the ice is too thin i walk on yes i know
the path too narrow i walk on
