

Stupid

State of Shock

You like it better when we're wasted
Cause it's less complicated
But when the drugs are gone and faded
I look at your face and hate it I'm always fallin The stupid lives we fake
The stupid drugs we take
I, I'm beggin you to see it
It's breakin you and me The stupid lives we fake
The stupid drugs we take
I, I'm beggin you to see it
It's breakin you and me I miss the days when we were sober
I know those days are over
And now I guess we got what we wanted
Forever these scars will haunt us I'm always fallin The stupid lives we fake
The stupid drugs we take
I, I'm beggin you to see it
It's breakin you and me The stupid lives we fake
The stupid drugs we take
I, I'm beggin you to see it
It's breakin you and me From the time you were mine
You got me so high
I guess that's why that I just can't stop
Even when you're gone The stupid lives we fake
The stupid drugs we take
I'm always fallin The stupid lives we fake
The stupid drugs we take
I, I'm beggin you to see it
It's breakin you and me The stupid lives we fake
The stupid drugs we take
I, I'm beggin you to see it
It's breakin you and me The stupid lives we fake
The stupid drugs we take
I, I'm beggin you to see it
It's breakin you and me I'm beggin you to see it
I'm beggin you to see it
I'm beggin you to see it
It's breakin you and me
