## **Stupid**

## **State of Shock**

You like it better when we're wasted

Cause it's less complicated

But when the drugs are gone and faded

I look at your face and hate itI'm always fallinThe stupid lives we fake

The stupid drugs we take

I, I'm beggin you to see it

It's breakin you and meThe stupid lives we fake

The stupid drugs we take

I, I'm beggin you to see it

It's breakin you and meI miss the days when we were sober

I know those days are over

And now I guess we got what we wanted

Forever these scars will haunt usI'm always fallinThe stupid lives we fake

The stupid drugs we take

I, I'm beggin you to see it

It's breakin you and meThe stupid lives we fake

The stupid drugs we take

I, I'm beggin you to see it

It's breakin you and meFrom the time you were mine

You got me so high

I guess that's why that I just can't stop

Even when you're goneThe stupid lives we fake

The stupid drugs we take

I'm always fallinThe stupid lives we fake

The stupid drugs we take

I, I'm beggin you to see it

It's breakin you and meThe stupid lives we fake

The stupid drugs we take

I, I'm beggin you to see it

It's breakin you and meThe stupid lives we fake

The stupid drugs we take

I, I'm beggin you to see it

It's breakin you and meI'm beggin you to see it

I'm beggin you to see it

I'm beggin you to see it

It's breakin you and me
