Not Everyone

Karmah

Hey
You're not the first
You're not the last
To hold me backYeah
It's such a shame
It's such a waste
To hesitateNow
I've seen the light
I've heard the sound
Of bringin' others downNot everyone deserves the sun
Not everyone lives for too long
Not everyone can turn you on
YeahStrange
What people say
About your face
The way it changedIt's hard
To fall behind
They bleed you dry
And blow your mindNow
You've lost control
You've let it show
And now no-one knowsNot everyone deserves the sun
Not everyone lives for too long
Not everyone can turn you on
YeahJust say my name
Just say my name
Just say my name
Just sayNot everyone deserves a song
Not everyone lives for too long
Not everyone can turn you on
YeahNot everyone deserves a lie
Not everyone deserves to die
Not everyone can bleed you dry
Yeah
