

# Not Everyone

## Karmah

Hey  
You're not the first  
You're not the last  
To hold me back Yeah  
It's such a shame  
It's such a waste  
To hesitate Now  
I've seen the light  
I've heard the sound  
Of bringin' others down Not everyone deserves the sun  
Not everyone lives for too long  
Not everyone can turn you on  
Yeah Strange  
What people say  
About your face  
The way it changed It's hard  
To fall behind  
They bleed you dry  
And blow your mind Now  
You've lost control  
You've let it show  
And now no-one knows Not everyone deserves the sun  
Not everyone lives for too long  
Not everyone can turn you on  
Yeah Just say my name  
Just say my name  
Just say my name  
Just say Not everyone deserves a song  
Not everyone lives for too long  
Not everyone can turn you on  
Yeah Not everyone deserves a lie  
Not everyone deserves to die  
Not everyone can bleed you dry  
Yeah
