Into The Darkness

Kittie

I feel helpless waiting, could this all be the end?
It's coming down all at once, am I losing you?
Until this all crashes down, I'll hold on
Into the darkness not knowing at all
Are you out there waiting, wondering about me?
Never felt so alone as I do now
Until this all crashes down, I'll hold on
Into the darkness not knowing at all
[Incomprehensible]Until this all crashes down, I'll hold on
Into the darkness not knowing at all
Until this all crashes down
