## Kill Your Idols

I used to think life was just a waste, so many limitations but there's so much around to taste but change and motivation turned my life around all the time I though I lost has suddenly been found Chorus:Its time to change no one can do it for you It's time to change get up off your ass and see what's around you its time to change think of what your missing its time to change get off your couch and shut off your tv so many things to do and so much more to see no one lives forever so what are you waiting for nothing gets done whining and no one likes a bore
