Is Jesus Your Pal?

Gus Gus

Is Jesus your pal?
Do you call out His name
When your conscience is shivering?Do you need someone too
Just like those people who
Find peace in someones promises?
You sure dont need my promisesSo come and sit on my box
Enjoy the view of this water
Where my lifeboat is sinkingIf you open your eyes
Take a look at this mess
Could you fake your reflection, child?If you reach out for more
Youll find nothing but sorrow
Cause knowledge is hollow
And pride is hard to swallowSo come and sit on my box
Enjoy the view of this water
Where my lifeboat is sinking
