Making My Way to You

Cole Swindell

Girl I swear
I get scared looking in your eyes
Start thinking about where I'd be now
If I wasn't with you tonight
I've done a lot of crazy things
But you saved me and you reeled me in
There ain't no doubt I'd take us right now
Over me back whenA lot of beer got drank
A lot of hell got raised
A lot of nights got long but that was long
Before I saw your face
Now baby I'm holding on
To what I never wanna lose
I took a few wrong turns
Down a couple back roads
But wound up where I was supposed toMaking my way making my way to you
Yeah, making my way making my way to youNow I know why all those wrong ones didn't work out
It's easy to see but hard to believe
That I got my arms aroundMy forever, I coulda never
Dreamed it up this good
Ain't it funny how things work out
Better than you thought they wouldBack when a lot of beer got drank
A lot of hell got raised
A lot of nights got long but that was long
Before I saw your face
Now baby I'm holding on
To what I never wanna lose
I took a few wrong turns down a couple back roads
But wound up where I was supposed to
Making my way to youI didn't know what I was looking for
No, I didn't have a clue
Next thing I know
I'm thanking the lord for everything I went throughMaking my way making my way to you
While I was makng my way
Making my way to you, yeahA lot of beer got drank
A lot of hell got raised
A lot of nights got long
But that was longbefore I saw your face
Now baby I'm holding on to what I never wanna lose

I took a few wrong turns down a couple back roads
But wound up where I was supposed toMaking my way making my way to you
Baby, I've been making my way
Making my way to youYeah, a lot of beer got drank
A lot of hell got raised
A lot of nights got long
But that was long before I saw your face
