Boom, Boom Out Goes the Lights

Little Walter

No kidding
I'm ready to fight
I've been looking for my baby all night
If I get her in my sight
Boom boom - out go the light

I thought I was treating my baby fair
Now she's getting all in my hair
If I get her in my sight
Boom boom - out go the light

No kidding
I'm ready to go
When I find her, boy don't you know
If I get her in my sight
Boom boom - out go the light

Never been so mad before
Till I found out she ain't mine no more
If I get her in my sight
Boom boom - out go the light
