

I'm With The Girls

Sizzla

I'm with the girls, that's how it goes
That's with the girls they love me so
I am smoking the herbs, I was keeping the flow
No where I'm going, there are no wars I'm with the girls, that's how it goes
That's with the girls, they love me so
Smoking the herbs, keeping the flow
No where I'm going, there are no wars Needs necessity, did inequity
No fighting for formarty, relay or legalazie
One thing you got of respect you see
Open your eyes keep looking for the messes What's going on?
Giving you my love, that's going on
From day till dawn give me love
Non stop, the war, what's going on? I'm with the girls, that's how it goes
I'm with the girls, they love me so
I am smoking the herbs, I was keeping the flow
No where I'm going, there are no wars I'm with the girls, that's how it goes
That's with the girls they love me so
I'm smoking the herbs, keeping the flow
No where I'm going, there are no wars Up and flowing, that's what life is
Keep it going, life is the nicest
My advice is stay not the fully craises
Take it easy, don't need to fight it You're mine, I'm yours
For you, girl, I open ma door
I'm so much different from those
I give you my love, make you feel so secure When I'm with the girl I just cursed
Here comes the good news
We all gonna make it, we ain't gonna lose
I'm gonna give you my love, make you feel good I'm with the girls, that's how it goes
I'm with the girls, they love me so
I am smoking the herbs, I was keeping the flow
No where I'm going, there are no wars I'm with the girls, that's how it goes
That's with the girls, they love me so
Smoking the herbs, keeping the flow
No where I'm going, there are no wars Girls, let me see you come up on this, girls
You're the one I'm growing strong with, ma lady
