Paint A Rumour

Eurythmics

Paint a rumour
(What's it gonna spread?)
Paint a rumour
(See the place go red)
I could tell you something
(Promise not to tell)
I could tell you something
(Promise not to sell)
It's a secret
It's a secret
It's a secret
It's a secret
I have heard a whisper
I have heard a whisper
(What did it say?)
I heard a whisper
(Make it go away)
Don't believe a word of it
(Promise not to tell)
Don't repeat a word of it
(Promise not to sell)
It's a secret
It's a secret
It's a secret
It's a secret
It's a secret
It's a secret
It's a secret
It's my secret
It's a secret
It's a secret
Paint a rumour
Paint a rumour
(See the place go red)
I could tell you something
I could tell you something

(Promise not to sell)
Paint a rumour

Paint a rumour
(Make it go away)
I could tell you something
I could tell you something
(Promise not to sell)
Paint a rumour
(What's it gonna spread?)
Paint a rumour
I could tell you something
(Promise not to tell)
I could tell you something
Paint a rumour
(What did it say?)
Paint a rumour
I could tell you something
(Promise not to tell)
I could tell you something
It's a secret
It's a secret
It's my secret
It's a secret
It's a secret
Paint a rumour
I could tell you something
I could tell you something
I could tell you something
(Promise not to tell)
I could tell you something
I could tell you something
I could tell you something
(Promise not to tell)
I could tell you something
