Bernhoft

It's always what you make it but then you and I are the same
Peculiar how you throw them in my face while you abstainThis is all about equality
I'm sure you've heard of the term somewhereNo less
You've made your own reality, no need to deal with meWhy don't you shout out my name?
Show my face so there's someone to aim for
And I won't even try to disclaim
Though I shat on the fan
I did what I had toWhy don't you shout out my name?
Why won't you look me in the eye no more
It's just gonna be yourself looking back
And you...
You say I made a bad one but how about yourself
Voices
It's a cheap independence if you drift like a snowflakeYou try to hide behind absurdities
Take a break and I'll walk on waterPrinces
Wake up and smell the coffee now I'll just stay awakeWhy don't you shout out my name?
Show my face so there's someone to aim for
And I won't even try to disclaim
Though I shat on the fan
I did want had toWhy don't you shout out my name?
Why won't you look me in the eye, no more
It's just gonna be yourself looking back
And you...
Over the hills and then even further away
And that's Norwegian styleSend me your bills
I will pay them with interest
And all the best, all the best, all the bestWhy don't you shout out my name?
Show my face so there's someone to aim for
And I won't even try to disclaim
Though I shat on the fan
I did want had toWhy don't you shout out my name?
Why won't you look me in the eye, no more
It's just gonna be yourself looking back
And you...
