

Time

Sean Hayes

Come with me a while
Sit with me a while
All that I have is time
Drink with me a while
Sip tea a while
All that I have is time We could find ourselves a bottle
And wander the streets like rows
Smile and wave at all those passing by
Off to make fair homes Walk with me a while
Talk with me a while
All that I have is time
Come with me a while
Just be a while
All that I have is time
We could find a willow tree
And climb the branch absurd
Sing to all those down below
Warbling like two cuckoo birds
Crazy cuckoo birds Oh na na...
Ba ba ba, mmm na na... All the laughing
All the loving
All the fighting
All the fussing
All the crying
All the dying
All that I have is time
All that we have is time
Walk with me a while
Talk with me a while
Sit with me a while
Sip tea a while
Come with me a while
Just be a while
All that I have is time
All that you have is time
