Sincerely Annie

Rexx Life Raj

We went and got too turnt up
We didnt blew too many blunts
Annie, are you okay?
It started with a shot, then she drank the whole bottle with ciroc
Damn, Annie are you okay?

Hey, you shouldnâ€™t do no more drugs cause youâ€™re not okay
You might be a little too drunk but I donâ€™t give a fuck
Cmon
Annie, are you okay, are you okay?
You mightâ€™ve outdone yourself this time
Annie, are you okay, youâ€™re not okay?
I cant blame you because you tried

REX

Pop another pill, roll anotha blunt, take anotha sip, do another line, Do it one more time, In the finish line
You donâ€™t need a chase
Bottle to the face
She so out of place
But you tryna hang, till you draw a blank, wake up in a room, where the fuck are you?

Hopefully you make it home
Youâ€™ve done a lot of things that your mother wouldnâ€™t condone
Oh Annie
You donâ€™t need no mo Annie
Pump your brakes, ride slow Annie (slow Annie)

We went and got too turnt up
We didnt blew too many blunts

Annie, like turnt up for what?
Maybe because you loved it how youâ€™re too fucking drunk
Fuck it Annie keep it going till aint no get back

She lost her soul and no phone , she donâ€™t know where that shit at
She would think its at the bottom of this bottle, how she swallow
Live and let live, she said thatâ€™s the motto
Thatâ€™s really how it is, when you fuck w them boys (though)
She could do the drugs of her choice (now)
Annie off her xanny
Trynna pull a folk, mix it with her sprite
Tell me how it feel
Yeah I got a pill, no its not for you
whatchu tryna do?
Take another shot, take another shot
hand her the ciroc
Take her to the neck
Then she thew it up
Blatant disrespect

Oh I cant fuck w u Annie
I donâ€™t even know how I got stuck w u Annie
You got a tad bit too comfortable Annie
Oh I denied but now iâ€™m in here like
We went and got too turnt up
We didnt blew too many blunts
Annie, are you okay?
It started with a shot, then she drank the whole bottle with ciroc
Damn, Annie are you okay?
Hey, you shouldnâ€™t do no more drugs cause youâ€™re not okay
You might be a little too drunk but I donâ€™t give a fuck
Cmon
Annie, are you okay, are you okay?
You mightâ€™ve outdone yourself this time
Annie, are you okay? youâ€™re not okay
I cant blame you because you tried

ANNIE

Waddup waddup
You push it to the limit to fuck with us
How do you feel now x 4
What a hell of a night
The clock says you had the time of your life
How do you feel now x 4
Later itâ€™ll be all good in the morning
Fuck the regrets
Keep your emotions in check

Itâ€™ll be all good in the morning
You drink to forget so you donâ€™t deal with that shit
Fuck it Annie x 2
