

# Walk Away

Eliza Carthy

So long  
You went alone  
Holding on  
To what you'll never know

Who were you  
Pretending you should be  
Never enough  
Of who you thought you'd be

You walk away  
You want to walk away  
You want to walk away

For some eyes always see  
Far beyond  
Your reality

Look within  
Into the universe  
Ask yourself  
If you belong to this

Walk away  
You want to walk away  
You want to walk away  
From who you are
