Radio play just really advances my chances

With big time niggas holdin legal finances

Ghetto star just about the whole of my life

Got eyes in the back of my head like mice

With ya chat bad boy, I lived it

I figure you just wake up in the morning

And blame it on a nigga

You's the type of nigga

I leave standin' at the bar

Have your thirsty ass waitin for my car tomorrow

It's them lame chicks that fuck it up for us

Runnin around the club bein a bag of darts

A bonafide child not like years in diss

Holdin down fort real Brooklyn shit

Weed rolled in fry talon dreads swa rich

Ain't nothin changed since '86
We stopped transportin' start makin hits
Ghetto from the start Queen representChorusQueen Pen:
Niggas talk shit on the regular
And those be the ones that sweatin ya'll
Wether east or west D servin ya'll

When Tray Lee come through it's party time
But a party ain't a party till you spark a dime
Ya'll can hate but I'm still gonna make ass shake

Me and Queen Pen find us at the bar schemin
I still owe dough
So who I gotta get to break even

Stil drinkin, hey! stil leavin the club with hoes
They seen us on Keenan
You dealin with pros, Goddamn
Future of the game turnin cats into "what happen to's"
Like Brains, Tray ain't change
Still spit on, still ride everything that I get on
