Break Through the Barrier

Tina Turner

Look for empty roads to travel and grab some peace of mind
When my life seems to unravel, strength from you I'll find
Like the ocean and the sunshine, I'll keep trying till you're all mineTill the moment is right, I won't give up the fight
I'll keep pushing till I break through the barrier
Like a phoenix arises, ain't no mountain too high
I'll keep pushing till I break through the barrierLike the eyes of total strangers, our future is unknown
In a world of hidden danger, don't want to be all alone
Like a rainbow and the starlight
I'll keep holding on till you're mineTill the moment is right, I won't give up the fight
I'll keep pushing till I break through the barrier
Like a phoenix arises, ain't no mountain too high
I'll keep pushing till I break through the barrierWhen it seems that odds are all against you
Gotta reach inside and find the strength to pull you throughIt's not enough to love each other, baby
To make it right is gonna take some time
If I could only break through your barrier
