

We Are Alive (Dj Icey's Arctic Bass Mix)

[Paul van Dyk](#)

Have you seen a movie?
Kisses and goodbye.
Have you seen a dark cloud?
Fades into night.
Have you seen a new one?
Telling me the lights. Causes like a boomerang
A feeling deep inside. Ain't not know
Ain't about you.
You don't know
That about me.
I don't know
That about you.
But if we really feel We are alive
Take a breath
We are alive
Take a deep breath
We are alive
Take a breath
We are alive
Take a deep breath We're in a movie
As fly up to the sky
Help me, love will be
The fooliest game to get me high.
Let's drive out this highway,
Feel my future vain.
Let this twist and want to love you so,
Here we go. You don't know
That about me.
I don't know
That about you.
You don't know
That about me. But let's enjoy with you We are alive
Take a breath
We are alive
Take a deep breath
We are alive
Take a breath
We are alive
Take a deep breath Don't take yourself too seriously.

The night when we sing
We may wear different cloakes,
Pray to God, different vogues. But we're not alone.
We are alive We are alive
Take a breath
We are alive
Take a deep breath
We are alive
We are alive, we're alive
We are alive
We are alive
We are alive
Take a deep breath
Take a deep breath
Take a deep breath
Take a deep breath
