## Regret

## New Order

Maybe I've forgotten The name and the address Of everyone I've ever known It's nothing I regretSave it for another day It's the school exam And the kids have run awayI would like a place I could call my own Have a conversation on the telephone Wake up every day that would be a start I would not complain of my wounded heartI was upset you see Almost all the time You used to be a stranger Now you are mineI wouldn't even trust you I've not got much to give We're dealing in the limits And we don't know who with You may think that I'm out of hand That I'm naive, I'll understand On this occasion, it's not true Look at me, I'm not youI would like a place I could call my own Have a conversation on the telephone Wake up every day that would be a start I would not complain of my wounded heartI was a short fuse Burning all the time You are a complete stranger Now you are mineI would like a place I could call my own Have a conversation on the telephone Wake up every day that would be a start I would not complain about my wounded heartJust wait till tomorrow I guess that's what they all say Just before they fall apartI was upset you see Almost all the time You used to be a stranger Now you are mine
