## Regret

## **New Order**

Maybe I've forgotten The name and the address Of everyone I've ever known It's nothing I regretSave it for another day It's the school exam And the kids have run awayI would like a place I could call my own Have a conversation on the telephone Wake up every day that would be a start I would not complain of my wounded heartI was upset you see Almost all the time You used to be a stranger Now you are mineI wouldn't even trust you I've not got much to give We're dealing in the limits And we don't know who with You may think that I'm out of hand That I'm naive, I'll understand On this occasion, it's not true

Look at me, I'm not youI would like a place I could call my own
Have a conversation on the telephone
Wake up every day that would be a start
I would not complain of my wounded heartI was a short fuse
Burning all the time

You are a complete stranger

Now you are mineI would like a place I could call my own

Have a conversation on the telephone

Wake up every day that would be a start

I would not complain about my wounded heartJust wait till tomorrow

I guess that's what they all say

Just before they fall apartI was upset you see

Almost all the time

Now you are mine

You used to be a stranger
