

# It Rains in May

**Jesse Daniel Smith**

We've done this before  
This might be ourselves (?)  
It's you that I love  
Don't wanna find somebody else  
But you said: It's for the best though  
You can't see my ways.  
You were wrong and I was right,  
And that's all I have to say.

It's over and I'll miss you every day  
But I know and I know that you're better off this way, it's over (x2)

And since you've been gone,  
Oh the sun is not so bright  
And the trees don't dance  
Oh and food just don't taste right  
But you said: boy, it's easy when you learn to love again  
But I know, and I know, that I wish you never said it's over  
and I'll miss you every day  
But I know and I know that I'm better off this way  
It's over
