Fallen From Grace

SIXSTITCH

I pray for the love
That's fallen from grace
The tears left behind
Won't wash from my faceI'm left with all these feelings
But nothing fills the space
Of the love that once was
That's fallen from graceEvery little picture
Hanging on the wall
Every little trace of you
I've found them allI close my eyes
It's all I can do
Everywhere I look I see
Some part of youI been through every reason
And they all seem to fit
As no one's pleaded guilty now
There's nothing to admitThere's no one to blame, babe
Once you believe
'Cause people only touch and go
But love will never leave, noI pray for the love
That's fallen from grace
The tears left behind
Won't wash from my faceI'm left with all these feelings
But nothing fills the space
Of the love that once was
That's fallen from graceI'm a little disappointed
I'm a little bit relieved
I feel a little sorry, baby
I feel a bit deceivedNo, no, not by you, darlin'
I know love's demanding
Live and learning every day
But never understandingShattered dreams and memories of you
Left hanging over me
A cross to bear when love cools
A crown of thorns for the queen of foolsI pray for the love
That's fallen from grace
The tears left behind
Won't wash from my faceI'm left with all these feelings
But nothing fills the space
Of the love that once was

That's fallen from grace
