

# Little Bird

## Far East Movement

Little bird, have you got a key  
Unlock the lock, yes ill leave  
Yeah, i had a dream baby, you could be high off me  
You could fly for free,  
if i save you baby, would you light the street  
cause inside of me, you cant breathe baby  
no you cant feel your feet  
but the same that aint that dream aint it burn you too hot to see  
that the highest me  
all my life, ive been living for love  
hold me down ima hold you up  
wanna go down ima give my love  
cause you just cant, just cant get enough  
all my life, ive been living for love  
hold me down ima hold you up  
money go round ima get my love  
cause you just cant, just cant get enough  
little bird, have you got a key  
unlock the lock, yes ill leave  
yeh, lets make believe baby you couldnt fly from me  
wouldnt walk on that wire on a low, wouldnt lie to me  
wouldnt creep out for that dame that time only lay asleep  
but the same that aint that dream aint it burn you too hot to see  
that the highest me  
all my life, ive been living for love  
hold me down ima hold you up  
wanna go down ima give my love  
cause you just cant, just cant get enough  
all my life, ive been living for love  
hold me down ima hold you up  
money go round ima get my love  
cause you just cant, just cant get enough  
little bird, have you got a key  
unlock the lock, yes ill leave  
yeah, nothing more to see cause baby girls just a fiend  
when she come down its all a dream  
best believe birds aint worth the steam  
little bird dont clip your wings  
baby when you get down, do you get low?

maybe you should quit now, now  
even what we know, what we got worth more than dough  
when you high dont fly alone  
all my life, ive been living for love  
hold me down ima hold you up  
wanna go down ima give my love  
cause you just cant, just cant get enough  
all my life, ive been living for love  
hold me down ima hold you up  
money go round ima get my love  
cause you just cant, just cant get enough x 2
