Worlds Apart

Seven Lions

I keep reaching
But you're not reaching back
You're not reaching backTrying to get in, find you through the cracks x2Guess I'm trying to say x2
It hurts to feel this far x2
Million miles away
Next to me, next to me you are
And if you are sitting right here,
Then Why are we worlds apart? x2If you are so near
Why don't you feel the spark?
Why are we worlds apart?Ohhhh
We're not that different you know,
I play amongst the stars and then fall so low
I try to make sense as I goCause nothing
Cause nothing
Cause nothing is in your soulWhy are we worlds apart?
And why are we worlds apart?
Why are we worlds apart?Why are we?
Why are we worlds apart? x2Guess I'm trying to say x2
It hurts to feel this far x2
Million miles away
Next to me, next to me you are
Well if you are sitting right here,
Then Why are we worlds apart x2Ohhhhh
If you're so near,
Then why don't you feel the spark?
Why are we worlds apart?Why are we worlds apart? x3
Why are we?
Why are we worlds apart? x2
