

If I'm Not Dreaming

[Ana Johnsson](#)

Night is calling, I'm cold and weak
When I'm all alone
Shadows crawling, my mind is bleak
Trying to ignore
You're not here no moreI'm all torn up inside
I wish the sun would riseI don't wanna know if I'm not dreaming
I don't want to face my fears alone
Every night I wake up cold and screaming
What if I'm not dreaming?Whispering voices, but no one's there
When I close my eyes
They sing lullabiesI'm all torn up inside
I wish the sun would riseI don't wanna know if I'm not dreaming
I don't want to face my fears alone
Every night I wake up cold and screaming
What if I'm not dreaming?I'm drowning
Come hold me
Please wake me upI don't wanna know if I'm not dreaming
I don't want to face my fears aloneWhat if I'm not dreaming?(Chorus)
