

Don't Die

Suicide Silence

Life is a prison
Imagined by the demons within
It's in your head so get the fuck out and come see me
I will give you every ounce of my being
I will give you the strength
I will give you every ounce of my being
I will show you my strength
So let it drain out
Send every bit of that hate out to me
We are here to make this moment eternal
Just give me your hate
I will give you every ounce of my being
I will give you the strength
I will give you every ounce of my being
Just give me your hate
We have been beaten down, we have been pushed aside
We sing these songs so that you don't die
We sing these songs for the broken down
The beaten up and pushed aside
You aren't alone in this path of life
We sing these songs so you don't die
So you don't die
I will show you a pit of redemption
A place where you can find your own
We won't be tortured by the hatred
Taken in arms we make hate our home
We are the beaten and pushed aside
We sing these songs so you don't die
We are the beaten and pushed aside
We sing these songs so you don't die
(Die)
We sing these songs so you don't die
(We sing the songs for the broken down)
(The beaten up and pushed aside)
(You aren't alone in this path of life)
We sing these songs so that you don't die
We sing the songs for the broken down
The beaten up and pushed aside
You aren't alone in this path of life

We sing these songs so you don't, you don't, die
We sing these songs so you don't die
