

Another Earthquake!

Aaron Carter

Just when you thought it was safe
Shake, shake, shake
When I hit town you the party can't fail
I'm hittin' 20 on the richtor scale
Gotta hundred million people, spillin' coffee and stains
On your brand new shirt, ooh that reminds you of me
When you feel your gums flap, it's Aaron's rap
Watch yourself, I'm a rearrange your map
When your hands shake baby you ain't gettin' old
Its only Aaron Carter here to rock and roll
When I join hands I
Shake, shake, shake
All the things in my room I
Brake, brake, brake
All the guys and the girls I
Make, make, make
Make 'em drop it down
Shake it down, break it down
Here we go
When I join hands I
Shake, shake, shake
All the things in my room I
Brake, brake, brake
All the people out in Cali say
Not another earthquake
Drop down
Shake it down, break it down
Here we go
When I drove by
I'ma shake the foundation
Rock the formation
What's your graduation
Photos flyin' off the walls
It's amazing, oh no
Trouble with the bass vibrations
Brace for impact
Of my new track
Take cover 'cause
We're comin' through like that

All the other
Tracks are wickie wickie whack
It's 2, double 0 2, time to react
From the east, to the west
To the north, to the south
I'm hitting every angle
Shakin' every house
No doubt, uh uh
That's what I'm all about
I can't stop even if you scream and shout
Shakin' up your life like an earthquake right
Strap yourself in
Hold tight, hold tight
Watch your momma's China
Fly like a kite
Shakin' up your life everyday and every night
When I join hands I
Shake, shake, shake
All the things in my room I
Brake, brake, brake
All the guys and the girls I
Make, make, make
Make 'em drop it down
Shake it down, break it down
Here we go
When I join hands I
Shake, shake, shake
All the things in my room I
Brake, brake, brake
All the people out in Cali say
Not another earthquake
Drop down
Shake it down, break it down
Here we go
Ladies out in Cali say, "Not another earthquake"
Ladies out in Cali say, "Not another earthquake"
Ladies out in Cali say, "Not another earthquake"
You're wrong my friend it's Aaron Carter again
Gotta move baby because it hurts so good
Even with Nova Cane you couldn't numb the pain
If your sleepin' again
I'm gonna shake you out of bed, or instead
Gonna shake the confetti for newly weds
Dead in the water, I never did wrong
Comin' through the floor can't stop my song

I bring bass like Jamacains
If you ain't playin' this partner
I can shake the whole station
When I join hands I
Shake, shake, shake
All the things in my room I
Brake, brake, brake
All the guys and the girls I
Make, make, make
Make 'em drop it down
Shake it down, break it down
Here we go
When I join hands I
Shake, shake, shake
All the things in my room I
Brake, brake, brake
All the people out in Cali say
Not another earthquake
Drop down
Shake it down, break it down
Here we go
When I join hands I
Shake, shake, shake
All the things in my room I
Brake, brake, brake
All the guys and the girls I
Make, make, make
Make 'em drop it down
Shake it down, break it down
Here we go
When I join hands I
Shake, shake, shake
All the things in my room I
Brake, brake, brake
All the people out in Cali say
Not another earthquake
Drop down
Shake it down, break it down
Here we go
