## New Way To Be Human

## **Switchfoot**

Everyday it's the same thing, another trend has begun Hey kids, this might be the one It's a race to be noticed and it's leaving us numb Hey kids, we can't be the ones With all of our fashions, we're still incomplete The God of redemption, could break our routine There's a new way to be human It's nothing we've ever been There's a new way to be human New way to be human And where is our inspiration, when all the heroes have gone? Hey kids, could we be the ones? 'Cause nobody's famous and nobody's fine We all need forgiveness, we're longing inside There's a new way to be human It's nothing we've ever been There's a new way to be human

It's spreading under my skin
There's a new way to be human
Where divinity blends
With a new way to be human
New way to be human
You're throwing your love across my impossible space
You've created me, take me out of me
Into a new way to be human
To a new way to be human
You're a new way to be human, where my humanity bends
To a new way to be human, the redemption begins
You're a new way to be human
You're the only way to be human
You're the only way to be human
