

Make Way

Mongol Horde

Once upon a time in MongoliaSitting outside of a wall
Trying to piss off the Chinese
Start to get a little bit old after a couple of centuriesSo I'm saddling up with the boys
And heading on out to the west
Swarm our way to vasting Europe nextWatch your step
Watch your fucking stepStraight out of Ulan Bator
A crazy mother fucker named Genghis
Riding on a tiny horse
Torching the roof of your homesteadsMake way for the Mongol Horde
Coming back to fuck you up
Make way for the Mongol Horde
Coming back to fuck you upLast time was a dry run
A piddly dress rehearsal
Next time it gets serious
The Horde is gonna get personalLock up your daughters
Your sons can die with you
You need a Mongolian mind to imagine the things that we're planning to do to youNo you cannot fucking imagine
No you cannot fucking imagine
No one will survive
No Europeans make it out aliveStraight out of Ulan Bator
A crazy mother fucker named Genghis
Riding on a tiny horse
Torching the roof of your homesteadsMoving for days at a time
And firing off arrows as I rideA Turk with a ---
The host with the most
The Hun with the --- and we're --- the worldMake way for the Mongol Horde
Coming back to fuck you up
Make way for the Mongol Horde
Coming back to fuck you up
