Show Yourself

Mastodon

Show yourself
Show yourself
I wanna see everything you're made ofTear it down
Rip it down
Shed your skin and float it down the riverLose yourself
Lose yourself
Wild horses ride you through the valleyYou are not as safe as far as I can tell
And I can tell
Only you can save yourself
Soon this will be a distant memory
Stars align
Stars Align
Stars will fall and get you into troubleBe afraid
Don't be afraid
Speak the ancient wisdom of the heartYou are not as safe as far as I can tell
And I can tell
Only you can save yourself
Soon this will be a distant memory
Or could this dream
be real at allShow yourself
Show yourself
I wanna see everything you're made ofReveal yourself
Reveal Yourself
The truth will a send a ripple through your body
See your fate
You'll see your fate
Death will come and still you from the livingDead and gone
Dead and gone
I'll see you on the other side of fire
