

# So Scene

## 4Db ling

(Yeah)

(It's 4Db ling!)

(Yeah, yeah)

(It's 4Db ling!)

(Check it, yeah!)

I'm wasted, so in luv, sittin' on the roof

And your stupid love note's still stuck on my shoe!

I just did a line and it's blowin' my mind

And the scars on my arms show me that you mind

So FUCK ME with meth on your breath!

So depressed, takin' speed makes you hate me less

So high, fuck you hoe I'd rather fuck your boyfriend!!

Nah, you a filthy slut! You can't join in!!

Go back to the bathroom and put your finger in your throat

Then kiss me so fuckin' hard when I hear you choke

You fucked him! I know you fucked him you LYIN' SLUT!

you owe me so much, like I give a fuck if you cut

Take me to the back, fuck me in the back of the bus

Then do a couple lines of speed let me cut 'em up

White rappin' drug fiendin' muthafucka!

Suicidal thoughts, fuckin' with a broken brotha!

She's so scene, oh she luv me

The little slutty sides with the fangs of a princess

Shoulda been alright but her parents had to be like, so damn strict that she had to try and be nice

But she ain't nice, she a sassy little fuckin' bitch!

She would tear your fuckin' face off for the fun of it

You can't run with her she'll drop it when she done with it

She ain't even give a muthafuck if you ain't done with it

...So just stab my heart the fuck out!

She playin' with my heart never came back

So next time I was like: "Can I take that?"

All I really even want is the pain back

But you left me a nothin's gonna change that!

Hope you could change your ways, but I doubt that

Smokin' herb, holdin' on to a bus pass, with the little freaky chick in my arms, yeah

She's the one that could hold on to my love!

Gettin' fucked up, never even look Above

Cuz God is the dude in the back of the club, pourin' drinks helpin' you get fucked up!

So don't take it out on me, that you will never be the person you wanna be

I'm so drunk, that I can't see you! Either that, or you must be see-through!

She's so scene, oh she luv me

The little slutty sides with the fangs of a princess

Shoulda been alright but her parents had to be like, so damn strict that she had to try and be nice

But she ain't nice, she a sassy little fuckin' bitch!

She would tear your fuckin' face off for the fun of it

You can't run with her she'll drop it when she done with it

She ain't even give a muthafuck if you ain't done with it...

YOU KNOW THE WAY I PLAY!!!!

YOU TAKE THE PAIN AWAY!! FROM ME!!

SO DONT BELIEVE IN WHAT WE HAD!!

BECAUSE I WON'T BE COMIN' BACK!!!!

YOU KNOW THE WAY I PLAY!!!!

YOU TAKE THE PAIN AWAY!! FROM ME!!

SO DONT BELIEVE IN WHAT WE HAD!!

BECAUSE I WON'T BE COMIN' BAAAAACK!!!!

She's so scene, oh she luv me

The little slutty sides with the fangs of a princess

Shoulda been alright but her parents had to be like, so damn strict that she had to try and be nice

But she ain't nice, she a sassy little fuckin' bitch!

She would tear your fuckin' face off for the fun of it

You can't run with her she'll drop it when she done with it

She ain't even give a muthafuck if you ain't done with it

She's so scene, oh she luv me  
(You know this game, won't stop!)

The little slutty sides with the fangs of a princess  
(I wish you weren't, so hot!)

Shoulda been alright but her parents had to be like, so damn strict that she had to try and be nice

(So I could play, your part, instead of playin' this one!)

But she ain't nice, she a sassy little fuckin' bitch!  
(You know this game, won't stop!)

She would tear your fuckin' face off for the fun of it  
(I wish you weren't, so hot!)

You can't run with her she'll drop it when she done with it  
(So I could play, your part!)

She ain't even give a muthafuck if you ain't done with it  
(Instead of playin' this one!)

She's so scene, oh she luv me  
(You know this game, won't stop!)

The little slutty sides with the fangs of a princess  
(I wish you weren't, so hot!)

Shoulda been alright but her parents had to be like, so damn strict that she had to try and be nice  
(So I could play, your part, instead of playin' this one!)

But she ain't nice, she a sassy little fuckin' bitch!  
(You know this game, won't stop!)

She would tear your fuckin' face off for the fun of it

(Instead of playin' this one!)

You know this game, won't stop!

I wish you weren't, so hot!

So I could play, your part!

Instead of playin' this one!
