

# The Face (feat. Peter Godwin)

## MetrÃ´

Whoâ€™s to blame that nothingâ€™s right?  
I wonâ€™t dream weâ€™ll shatter the night  
Too many ghosts controlling me  
Well, false friend consoling me

All I got left - All I got left  
All I got left is now and you  
Oh, you got the face  
Oh, you got the face  
Oh, you got the face to face today

Talk to no-one - Do you care?  
Blow it all in thin air  
Just beat your heart double time  
and take the better part of mine

All I got left - All I got left  
All I got left is now and you  
Oh, you got the face  
Oh, you got the face  
Oh, you got the face to face today
