Once Around the Weekend (Alternate Mix)

Paul Westerberg

I stay in every night of the week
They try but I won`t speak
To be my friends
You`ll see me once I`m on the mend
Oh man once around the weekend
Oh man once around the weekendI watch myself fall apart
I watch the rabbits in my yard
There goes another round the bend
I gotta sweep this floor againWell I won`t go out to relax
And if you look hard you might see my tracks
They call and try and be my friends
I gotta sweep this floor again
Oh man
Oh man
