

Halloween In Heaven

Type O Negative

The dead, they got that morbid beat, it goes deo deo
They dance upon decaying feet
With their black toes, oh, oh
Heaven limbo and Hell
Purgatory, oh well, oh well
Halloween in Heaven
It's Christmas in Hell, Hell, Hell
Halloween in Heaven, oh well, oh well
The Devil stole a Yule tree decorated with souls
Jesus trick or treating as him below
Heaven limbo and Hell
Purgatory, oh well, oh well
Halloween in Heaven
It's Christmas in Hell, Hell, Hell
Halloween in Heaven, oh well, oh well
Halloween in Heaven
Christmas in Hell
Halloween in Heaven, oh well, oh well
Bonham on drums, Entwistle on bass
As guest Morticians
Bon Scott on Vox, Rhoads just for kicks
On guitar Hendrix
Lennon sits in with his friend George
But where is Morrison?
Of course I cried when I heard they'd died

And took a part of me
Same time gave from beyond the grave
Became what was to be
Elvis ain't dead so he isn't here
Party never ends
Demon roadies, angel groupies
Suicide losers
If only I'd known how cool death is
I'd killed myself sooner
Of harps and choirs pumpkin pine pyres
Flames of red and green
And orange and black, years take me back
Christmas or Halloween

Halloween in Heaven
It's Christmas in Hell, Hell, Hell
Halloween in Heaven, oh well, oh well
Halloween in Heaven
Christmas in Hell
Halloween in Heaven, oh well, oh well
Halloween in Heaven
It's Christmas in Hell, Hell, Hell
Halloween in Heaven, oh well, oh well
Halloween in Heaven
Christmas in Hell
Halloween in Heaven, oh well, oh well
