

Milky Way

Syd Barrett

What'd you ever say today when you're in the Milky Way
Oh, tell me please, just to give you a squeeze
If I met you, I told you what to do
Seems a while, since I could smile the way you do
How many times, if I try, if I may, when you're in the Milky
Way
Half of your time, beside me only, atmosphere
The singular raised by heats and wet
Seems a while, since I could smile the way you do
What can anyone mean to you standing in the Milky Way
Take life easy, I mean so easy, why so empty?
I told you, I can tell you, what to do, when I hold you
And I tell you, I love you, I feel that I'm way you do
Give a grasp of life today when you're in the Milky Way
Oh, try to please, knock on wood of the trees
I'm glad you, mold you, mold you and hold you
Means five miles and every way for you
