

Drip

Howler

Drip, drip, put 'em on a drip We're dreaming of life in the USA
No one gets heard, no one gets paid
Somebody calls me, she's out in trouble
Ian's ... in the hospital He might disappear or play sick in bed
Or quit his job and shave his head
If you're sick on tour, go in for the kill
My labour won't pay no medical bills (?) Ian, Ian's on the drip
Ian, Ian's on the drip We're dreaming of life in the USA
No one gets bored, no one gets paid
What he does all day doesn't minister aid
But he's out in the... and it's meant to rain (?) Now we're dreaming of life in a fashion safe
Once you step out the door it makes me hesitate
Ian's discharged and you know the story
It's a Saturday night and I'm dreaming of coming (Is that just because he's quitter and he's)
(Yeah) Drip, drip, put 'em on a drip
Drip, drip, put 'em on a drip
Drip, drip, put 'em on a drip
Drip, drip, put 'em on a drip Ian, Ian's on the drip
(drip, put 'em on the drip
drip drip put 'em on the drip)
Ian, Ian' on the drip
(drip, put 'em on the drip
drip drip put 'em on the drip)
Ian, Ian's on the drip
