

It Ain't My Fault

Silkk The Shocker

[Chorus]

We can't stop now bitch!!!

We can't stop,

And you can't stop us,

So bitch don't try.

We tru soldiers, we don't die,

We don't die, we don't die.

We don't die, we don't die. I'm bout my paper, my paper,

Important people on my pager.

I might not drink Alize,

But I'll smoke you under the table.

Don't make me peel your potato,

Don't make the devil your neighbor.

I might not be nothing to you,

But I'm the shit on this label!

Five hundred words might make it hard to digest what I say,

But five up in the morning, see me on the billboards

Y'all gonna keep it that way.

Hold on as tight as you can,

Whatever you do, don't loosen your grip,

Not only are they anticipating your every move

They're waiting for you to slip!!!

But like I told you before, we not gonna fall, put a banana in the tailpipe,

I'm not bout livin' in no six by six, wearing no muthafuckin' jail stripes.

Been bout it from the start nigga, we raw nigga,

You don't want to, go to, war nigga.

We superstar niggas,

You know who we are niggas.

From poverty in the projects,

To livin' large niggas.

It take one hell of a combination, to get what we got,

We soldiers on a mission, and you can't stop us!!! [Chorus] Nigga want to start shit,

That they know they can't finish.

By far niggas want to go to war,

But they know when they ain't winning.

Fixin' to keep this bitch jumpin, like a muthafuckin', second line,

Been bout it, and I'll be rowdy, and you gonna know it by my, second rhyme.

No limit chain around my neck, so check, and respect the sign,

Y'all want to play, but I guarantee that you won't play, a second time.

Sometime I'm in camoflaug and sometime I'm in all black,
Y'all want to go to war with us, wit you knowin' we all strapped!!!
Fuck it, pop it, don't stop it, 'cause I drop, by no means, look,
Bitches dyin' like a dope fiend, while he have on a pair of old jeans.
Nigga what? pistols we all got, sometimes it's all glocks,
Keep one in the chamber for danger and make sure they all cocked.
Went from a, small knot to a tall knot,
Nigga please, I got all the g's for breakin' these ki's down to all rocks.
Blow up the spot till it's all hot, surround the world together 'cause y'all not,
Nigga we ain't gon stop jus 'cause y'all stop then it's our props.
If you want to get it started, then let's started, but let's do it right,
But if you want to get started, get started, let's do it tonight!!!
Likely to get your head busted, lined in some chalk.
