Swept Away

Diana Ross

I was lying there, lying on the beach

I dreamed you were there

I feel the heat, the sun and the waves

When you touch my hand

We were on a desert island

And I had a dream, I was swept away You and I are on an island

Where I thought the storm would never end

I saw your light on the horizon

And I knew that I was blown away againNo it doesn't matter, yeah

It doesn't matter

'Cause nothing lasts forever

'Cause nothing last forever

No it doesn't matter, yeah

It doesn't matter

'Cause nothing lasts forever

Nothing last foreverI was swept away, I was swept away

Swept away, I was swept away with you

Swept away, I was swept away

Swept away, I was swept away with youThe rise and fall is endless

The risk you run of being lost in blue

You caught my drift while I was restless

When the current flows, I'm gonna flow with youNo it doesn't matter, yeah

No, it doesn't matter

'Cause nothing last forever

Nothing last forever

No it doesn't matter, no

No, it doesn't matter

'Cause nothing last forever

Nothing last foreverI was swept away, I was swept away

Swept away, I was swept away with you

Swept away, I was swept away

Swept away, I was swept away with youFor a day or maybe for a lifetime

Break away is he throwing me a lifeline

If I say that this will be the last time

Swept away, will it end with you? I was swept away

Swept away, swept away

Swept away, swept away, swept awayNo it wont, no it doesn't matter

Nothing lasts forever

Nothing lasts, nothing lasts forever

Swept away, nothing lasts foreverNo it wont, no it wont, no it doesn't matter
Nothing lasts, nothing lasts forever
Nothing lasts, nothing lasts forever
Swept away, nothing lasts foreverNo it wont, no it wont, no it doesn't matter
Nothing lasts, nothing lasts, nothing lasts forever
Swept away
