

# Here I Am

## Rick Ross

Ricky Ross, with something special right here  
Excuse the marijuana, just trying to drug myself  
We got some gangstas in the house too  
Come on  
I got a bunch of dollars, I can spend them on her  
'Cause she can be my lady, she can be my lover  
Call me on the late night, get right he ain't acting right  
Every super woman needs a super man, here I am  
Sight seeing, we might be in  
The Codra port or that new white BM  
Home from FAMU with a gorgeous face  
Next semester she transfer to Florida state  
Cooking like home-etch for financial aid  
I highly doubt she has problems with financial aid  
Remember mean time, my finance is straight  
I even open up the doors to the penitential states  
'Cause she used to fight with her moms  
Till I sat 'em both down, now she's tight with her moms  
Yeah, I put the ice on her arm, now she know she getting sliced  
Spending nights in Milan  
We still blow weed together  
Cheated on her but we still gon' be together  
With the house on the water, hit the beach whenever  
She's from the north and still can't believe the weather, boss  
I got a bunch of dollars, I can spend them on her  
'Cause she can be my lady, she can be my lover  
Call me on the late night, get right he ain't acting right  
Every super woman needs a super man, here I am  
Hear I am and here I go  
Why you looking for that other, when you got the best?  
The previous was a test for ya, now you in the big league  
A black Sine brother, who wouldn't wanna play for me?  
Ya last man was a chump and you can tell him I said it  
He was talking a lot at first but you can see that dead it  
You can see I ain't sweat it  
Hell I'll even call him up myself and tell him I even get it  
Naw please, don't confuse me, miss  
I'm tryna see, I could put you on my Christmas list  
I hope you ain't offended by this

But I think your ass fine as shit  
And that's straight up real talk  
All bullshit aside, she replied, 'I like to do the wild thing?  
Action took place at my place  
Now my place is her place, yeah  
I got a bunch of dollars, I can spend them on her  
'Cause she can be my lady, she can be my lover  
Call me on the late night, get right he ain't acting right  
Every super woman needs a super man, here I am  
Mo' better, mo' cheddar, not the man off your clothes, last sweater  
Hoe getter, gorilla, fuck chuffers I went and got mo' killas, boss  
I rock with niggas like Fabolous  
'Cause he tell the truth baby like fabulous  
But you make it look glamorous  
Here's spaghetti strapped heels not for amateurs  
Risk quite rocky, talk like foxy, job like Roxy, spark that broccoli  
Walk quite aky, let me sexy, I will save you if you let me  
Fly with me, get high as me I love the alphabet, girl I'm a G  
Time will tell, Rolex watches, we show stoppas, hoes just watchin'  
I got a bunch of dollars, I can spend them on her  
'Cause she can be my lady, she can be my lover  
Call me on the late night, get right he ain't acting right  
Every super woman needs a super man, here I am
