

# AKA Driver

## They Might Be Giants

It's just a full day's drive away  
It's just a full day's drive away  
It's just a full day's drive away  
It's just a full day's drive away We can't fly like birds in the air  
We could walk but we'd never get there It's just a full day's drive away  
It's just a full day's drive away  
It's just a full day's drive away  
It's just a full day's drive away Big hand's on one twenty  
Little hand's on E  
Hey NyQuil driver  
It's NyQuil driving time  
Hey NyQuil driver  
Get outta my lane  
Get outta my way It's just a full day's drive away  
It's just a full day's drive away  
It's just a full day's drive away  
It's just a full day's drive away Hey NyQuil driver  
It's NyQuil driving time  
Hey NyQuil driver  
Get outta my lane  
Get outta my way  
Get outta my way Hey NyQuil driver  
It's NyQuil driving time  
Hey NyQuil driver  
Get outta my lane  
Get outta my way  
Get outta my way It's just a full day's drive away  
It's just a full day's drive away  
It's just a full day's drive away
