

Lady Cobra

Green Day

Well I met a girl named Lady Cobra
Her black heart beats crimson and clover
She gives me chills and fever blisters
She's serving spells and voodoo shakes
She just wants to get me high
Stick a needle in my eye
Reeks like a loss of temptation, living on my inner demons
I don't wanna suicide, I don't want this to end
I just want to be your friendCuddle up with me real tight
Talk to me by candlelight
Do you wanna play a game of Twister
Like a dirty old man with a babysitter?
I don't wanna suicide, I don't want this to end
I just wanna be your friendI don't want to make you cry
Cross my heart and hope to die
Drawing blood and roaming stars
Drinking piss for cheap guitars
I don't wanna suicide, I don't want this to end
I just want to be your friend
Oh, your friend
