

Still

Alanis Morissette

I am the harm which you inflict
I am your brilliance and frustration
I'm the nuclear bombs if they're to hit
I am your immaturity and your indignance I am your misfits and your praised
I am your doubt and your conviction
I am your charity and your rape
I am your grasping and expectation I see you averting your glances
I see you cheering on the war
I see you ignoring your children
And I love you still, and I love you still I am your joy and your regret
I am your fury and your elation
I am your yearning and your sweat
I am your faithless and your religion I see you altering history
I see you abusing the land
I see you, your selective amnesia
And I love you still, and I love you still I see you averting your glimpses
I see you cheering on the war
I see you ignoring your children
And I love you still, and I love you still I see you altering history
I see you abusing the land
I see you, your selective amnesia
I love you still, and I love you still I am your tragedy and your fortune
I am your crisis and delight
I am your profits and your prophets
I am your art, I am your bytes I am your death and your decisions
I am your passion and your plights
I am your sickness and convalescence
I am your weapons and your light I see you holding your grudges
I see you gunning them down
I see you silencing your sisters
And I love you still, and I love you still I see you lie to your country
I see you forcing them out
I see you blaming each other
And I love you still, and I love you still I see you holding your grudges
I see you gunning them down
I see you silencing your sisters
I love you still, I love you still I see you lie to your country
I see you forcing them out
I see you blaming each other

I love you still, I love you still, I see you
